

Megalodon

DEPLOYMENT BAG

The Megalodon Deployment Bag is a high-capacity rolling deployment bag built for military personnel, extended deployments, and oversized equipment loadouts. Combining deployment-grade durability, expanded storage, and patented Shark Wheel mobility, it supports large mission-specific gear through travel and operational environments.

DIMENSIONS & CAPACITY

- Dimensions: 30" L × 22" W × 15" H
- 9,900 cubic inches
- Weight: 17 lbs
