

Poseidon

WATERPROOF DEPLOYMENT BAG

The Poseidon Deployment Bag is a waterproof rolling deployment bag built for military personnel, government agencies, and expedition travel. Combining waterproof protection, modular organization, and patented Shark Wheel mobility, it safeguards mission-critical equipment through airports, field operations, and harsh environments.

DIMENSIONS & CAPACITY

- Unexpanded Dimensions: 30" × 15" × 15"
- Unexpanded Capacity: 6,750 cubic inches
- Unexpanded Volume: 100 L
- Expanded Dimensions: 40" × 15" × 15"
- Expanded Capacity: 150 L
- Expanded Volume: 9,000 cubic inches
- Weight: 15 lbs

COLOR AVAILABILITY

Black

PART NUMBER

POS-G4-BLK-TAA / POS-G4-BLK

MANUFACTURING

- Berry-compliant Configuration
- TAA-compliant Configuration

FEATURES

Mobility

- Patented 4" Shark Wheels
- Dual ball-bearing system
- Wheels rated to 200 lb load capacity
- Reinforced rolling chassis for movement
